

Custom Peptide Synthesis

Cat.No.:SG00102

ShineGene have developed different solution phase synthesis methodologies to meet customers' requirements for peptides in commercial scale.

Quoting

Please contact us .Email:master@shinegene.org.cnWe will quote promptly after reviewing the structure of the peptide within 24 hours.

Quantity

For research purposes ShineGene offer peptides in quantities ranging from 10mg to 10g. ShineGene also has the capacity to scale your peptide up to kilogram quantities.

Delivery Time

Approximately 2 week for unpurified peptides and 3 weeks for purified peptides.

Analytical data

Peptides are standard delivered with analytical HPLC chromatogram, MS data and synthesis report.

Confidentiality

ShineGene maintain absolute confidentiality. If necessary, we will sign a confidential agreement before receiving your peptide structure.

Peptide Synthesis Note:

1. Unit Price is USD\$ per Amino Acid.
 2. Price is valid for peptides of Six(6) to Thirty(30) in length.
 3. No set up charge and purification is included.
 4. Discount will be offered for large quantity and large-scale synthesis.
 5. If a peptide is shorter than 8 residues or longer than 30 residues, please inquire.
 6. Shipping is an extra.
 7. For modified synthetic peptides such as Acetylation, Fluorescence dye labeling, Disulfide bridge formation, please inquire.
